

nanu

FIRST SLEEP BRAND

for kids & babies

Having grown in my heart and mind with years of silent contemplations, Nanu was finally launched by the beginning of 2015, with the purpose of providing "good sleep" to babies and kids. Although we had started off by designing and producing sleepwear and bed textile only, our portfolio had quickly expanded to include everything in a child's sleep room. Innovative sleep furniture, anti-allergic carpets, wall papers, curtains, lighting units, sleep toys, accessories, and even Kim West certified sleep coaching for moms are among Nanu's unique products and services offered at the two Nanu dream stores -open in Istanbul Gokturk, and Kanyon- today.

In the past couple of years, which is a very little time in a brand's life, we have worked a lot. We have worked with passion, along with mom's heart and mind. As a result, we are happy to have gained the appreciation of our customers, especially the little ones. We are grateful for your endorsement. However, we know that we must work harder to keep you happy and to stay worthy of your loyalty. Nanu will continue to grow by opening new dream stores in Turkey and abroad, and we look forward to being with you in the future as well and helping you provide good sleep to your loved ones for healthy growth.

With love and happiness,
Nazmiye Sabuncuoğlu Arslantürk

The Land of Sweet Dreams

SLEEP FURNITURE

We offer exclusive furniture solutions, comprising of valuable insights from moms, for baby and children sleep rooms. Each piece of Nanu sleep furniture is created around five key benefits: simplicity, quality, convenience, innovation, and safety.

YING YANG CRADLE FOR TWINS

Twins' sleep time is so important for their parents especially for the first months. For those days to give optimum comfort we designed a twin cradle which can easily move from a room to another in day time and at bedtime which mom can take the one and dad can take the other one.

Twins have different personalities that completes each other. From this point of view we designed Ying Yang, its easy to use and also so chic.

SUGGESTED SIZE : Radius : 100 cm CM

YANG CRADLE

Your baby can sleep in your room with Yang cradle for about 6 months. If you want to use it as a bed more than 6 months, you can move it to lowest level and keep using it as a bed. With its hidden wheels, you can easily move from a place to another.

After then, you can easily turn it to a playpen and use it for more years.

SUGGESTED SIZE : Radius : 70 cm CM

OVALIS CRADLE

Your baby can sleep in your room with Ovalis cradle for about 6 months. If you want to use it as a bed more than 6 months, you can move it to lowest level and keep using it as a bed. With its hidden wheels, you can easily move from a place to another.

After then, you can easily turn it to a playpen and use it for more years.

SUGGESTED SIZE :

AS A CRIB : 70 X 130 cm CM

AS A CRADLE : 50 X 90 CM

SWAY CRADLE

You can easily swing your baby till sleeping and after your baby sleeps you can easily stop swinging by using small fixtures on the legs.
